Cab

Choosing the right replacement part or service for your vehicle—whether you own one, or a fleet—is one of the most important decisions you can make for your business. And, with tested TRP® parts it's an easy decision.

Regardless of the make you drive, TRP® quality replacement parts are engineered to fit your truck, trailer or bus. Choose the parts that give you the best value for your business. Check them out at an approved TRP® retailer near you.

The cross reference information in this catalog is based upon data provided by several industry sources and our partners. While every attempt is made to ensure the information presented is accurate, we bear no liability due to incorrect or incomplete information.

Product Availability

Due to export restrictions and market demands, not all products are always available in every location. Check for availability in your area with your local TRP® Distributor.

WINDSHIELDS

FEATURES & BENEFITS

- Meets stringent quality standards to ensure proper fit, while also reducing installation time
- Meets all DOT safety standards
- Manufactured to OEM specifications to ensure consistent fit and easy installation.
- All makes coverage means one source for all your windshield requirements.
- Convenient package quantities fit your business requirements.
- Corrugated cardboard that is easily recyclable.

RELATED PARTS

- WP1603 16” J-Hook Wiper Blade
- WP1803 18” J-Hook Wiper Blade
- WP1602 16” Saddle Mount Wiper Blade
- WP1802 18” Saddle Mount Wiper Blade

WINDSHIELDS

TRP® glass provides improved clarity over other replacement glass which means increased visibility and less driver fatigue. Made with safety in mind, TRP® Windshields are manufactured using a lamination process that securely bonds two pieces of glass with a vinyl inner layer. If an accident occurs, the vinyl inner layer prevents the glass from shattering into the cab.

Chrome Steel
OE Specs

Kenworth Logos

FEATURES & BENEFITS

- No hassle 1-year full warranty
- Chrome Steel, OE Specifications that meets SC4 Plating Specifications
- Exclusively available with Kenworth logos
- Made from OE tooling to provide consistent quality

RELATED PARTS

- Metal Polish

BUMPERS

TRP® bumpers have a proven reputation for a long-lasting bright appearance and exceptional durability. These steel chrome bumpers meet or exceed SC4 plating specifications. These bumpers provide long-term corrosion resistance because the stainless surface does not pit, crack or fade despite the inevitable stone impact and other rough treatment trucks encounter in heavy duty service. This superior durability allows for a 1-year warranty.

Peterbilt Logos

379. 10 Gauge, 18" Texas Square
MA08C0010-06

379. 10 Gauge, 16" Taper
MA08C0010-02

FEATURES & BENEFITS

- No hassle 1-year full warranty
- Chrome Steel, OE Specifications that meets SC4 Plating Specifications
- Exclusively available with Peterbilt logos
- Made from OE tooling to provide consistent quality

RELATED PARTS

- Metal Polish

BUMPERS

TRP® bumpers have a proven reputation for a long-lasting bright appearance and exceptional durability. These steel chrome bumpers meet or exceed SC4 plating specifications. These bumpers provide long-term corrosion resistance because the stainless surface does not pit, crack or fade despite the inevitable stone impact and other rough treatment trucks encounter in heavy duty service. This superior durability allows for a 1-year warranty.

MIRRORS

TRP® Mirrors offer an extensive selection of heavy-duty construction mirrors that are wrapped in stainless steel or chrome for a wide range of applications.

SC1-8C 8" CONVEX MIRROR

FEATURES & BENEFITS

- Chrome steel increases durability and visual appeal
- 5/16" adjustable ball stud for strength and multi-positioning
- Ozone-resistant vinyl mounting protects against breakage
- L bracket included for easy installation

RELATED PART

- 40-160 Metal Polish

SA716S 7"X 16" NON-HEATED OEM WEST COAST MIRROR (SH716S HEATED)

FEATURES & BENEFITS

- "Mirror Brite" stainless steel finish for added protection against elements
- Heavy-duty multi-channel construction for durability
- Optional 12 volt heater with power to withstand cold weather
- 5/16" #18 mounting stud for easy installation

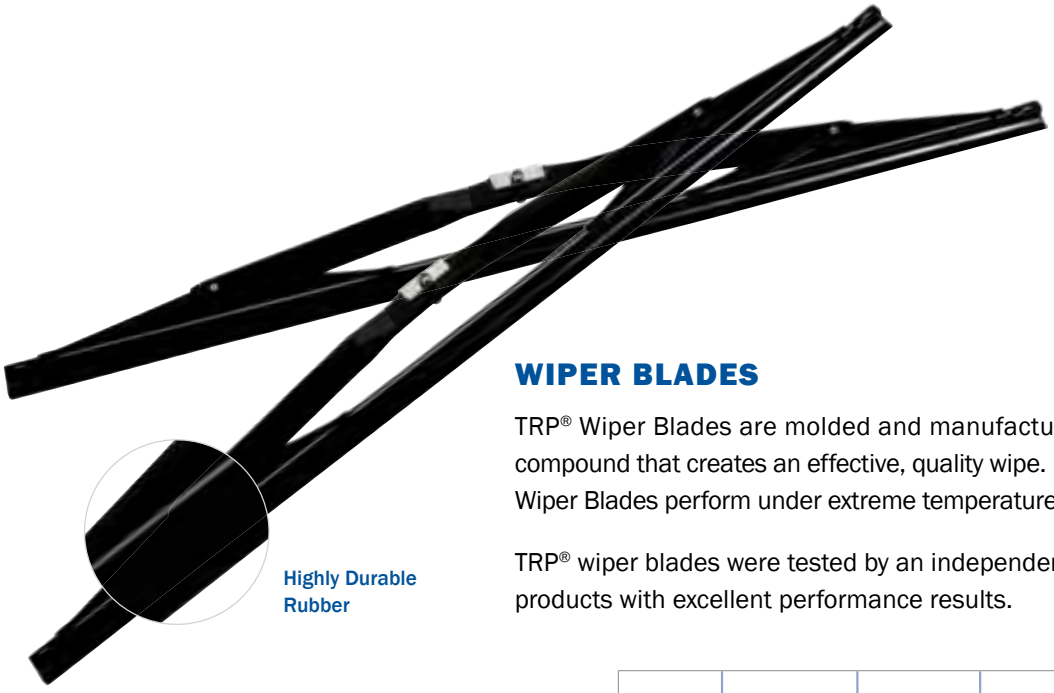
WIPER BLADES



WIPER BLADES

TRP® Wiper Blades are molded and manufactured with a highly durable rubber compound that creates an effective, quality wipe. Designed for maximum visibility, TRP® Wiper Blades perform under extreme temperatures as well as resists rust and chatter.

TRP® wiper blades were tested by an independent lab against several competitors' products with excellent performance results.

	Wipe Quality	Permanent Set	Salt Spray	Ozone Resistance	Chemical Resistance	Ice & Snow	Durability (1.5 million cycles)
TRP®	9.2	PASS	PASS	PASS	PASS	PASS	PASS
A	8.1	PASS	PASS	PASS	PASS	PASS	PASS
B	8.3	PASS	PASS	PASS	PASS	PASS	PASS
C	8.3	PASS	PASS	PASS	PASS	PASS	PASS
D	7.4	PASS	FAIL	FAIL	PASS	PASS	PASS
E	9.0	FAIL	PASS	PASS	PASS	PASS	PASS
F	6.9	PASS	PASS	PASS	PASS	PASS	PASS

FEATURES & BENEFITS

- Made with superior rubber compound, extending product life
- Clean and quiet wipe
- Performs in extreme temperatures
- Resists chatter and rust
- Winter blades contain a protective boot, locking out snow and ice
- All steel construction for durability

RELATED PARTS

- Windshield Washer Solvent
